

How to make an arpillera doll with tights

Textile art dolls, courtesy of textile artist Janet Wilkinson © Conflict Textiles 2023

Materials needed, then follow the model:

- Small pieces of old tights, in any colour you want to have your doll made
- Small piece of cotton, or use a bit of the tight material you used for the body and arms
- Scraps of textiles to make the clothing
- If appropriate use some wool for hair
- Needle, thread and scissors

Bring a personal scrap of material that has a sentimental/memory meaning for you

Now hands on and enjoy making your character/s.
