

CONFLICT TEXTILES

As part of the outreach program of the arpillera exhibition *Enduring Life: Arpillera Voices on the 17th* June took place a guided tour and film screening of “Common Threads” produced by Gayla Jamison.

Two groups from the Gasyard Arts Factory were represented: *Craft Circle* that is part of Bluebell Arts Project and *Foyle Sign Language Centre*.

This initiative was an activity organized by *Creative Community Connections (CCC)*, an *Esme Fairbairn & Museums Association funded partnership project*, between *National Museums Northern Ireland (NMNI)* and *Derry City & Strabane District Council Museum and Visitor Services*.

The activity was very well received and will have a follow up arpillera workshop on the 21st July at the Gasyard.

All the images were taken by Ying Liang, Chinese intern who worked closely with the curator in South Africa mid 2014 and presently follows arpillera initiatives when possible.
