

# DO NOT RISK VIOLENCE

Fellow Students,

Wednesday morning

Think carefully about whether you should take part in today's protest march which is organised by various political groups in the University and others outside the University.

## A PEACEFUL ALTERNATIVE

Many students have asked me to provide a peaceful alternative to the protest to the City Hall. For, with the atmosphere in Belfast today this protest march may (and I sincerely hope will not) end in bloodshed.

## CIVIL RIOTS DON'T MAKE CIVIL RIGHTS

The eyes of the world are upon Belfast today, let us show the world that the students of Queen's University do not have to go into the streets to protest and risk civil disorder but can peacefully demonstrate their belief in the true ideals of Civil Liberty.

## WHITLA HALL RALLY

FOR QUEEN'S STUDENTS ONLY

Please come to the Whitla Hall at 1.30 p.m. today and show your solidarity with the peaceful civil rights movement in Queen's.

The Motion:

We, the students of Queen's University Belfast,

condemn extremism  
believe in man's basic civil and religious liberty  
support the true ideals of civil rights

AND DEMAND THAT THE GOVERNMENT OF THIS COUNTRY  
STRIVE HARDER FOR INCREASED PEACE AND HARMONY  
IN OUR COMMUNITY,

will be discussed at the meeting, which is not designed for agitators and agents provocateurs; but for those students black and white, Catholic and Protestant, who wish to see the evils removed from our Society.
