

Dear Voter.

The May 22nd Referendum is your key to the future. This is your opportunity to leave the past behind and unlock the door to a better future.

There is much in this agreement for everyone. Agreement creates opportunities for;

- New Political Partnership,
- Reconciliation,
- Jobs,
- Equal Rights,
- Stability,
- A Peaceful Future.

A strong 'Yes' vote will strengthen us in meeting future challenges together. A no vote will solve none of our problems and it will deny us an opportunity of moving forward together.

This referendum offers historic opportunities for you and your children. Together we can make an agreement for the people, by the people, on May 22nd.

Let us shape our own future - Vote Yes.
