1967-1970	Martin Wallace, M.A.
1970-	Edmond Grace, F.C.A.

REPLY TO :

1st August, 1972.

The enclosed paper and discussion summary constitute the report of the first meeting on the subject: "Political possibilities for the People of Northern Ireland", held under the auspices of this Association. We would respectfully ask that the report should be studied by all who are interested in the forthcoming discussions on the future of Northern Ireland.

This letter and the enclosed report has been circulated to all Members of Parliament in London and Stormont and to the Members of Dail Eireann and Seanad Eireann as well as to other leaders in public life and to the Members of the Irish Association.

It is our intention that our platform should be made available to all parties or others who have positive proposals to make and who feel that this form of publicity for their views may be useful in furthering public discussion.

EDMOND GRACE, President.

WILLIAM MARSHALL, Vice-President.
