Dear *George.*

SEMTEX FOR DOG TRAINING

I refer to your letter dated 18 8 88 re above.

Unfortunately we are experiencing real problems in obtaining Semtex for training sniffer dogs due to the fact that it is not on the market in the UK and the quantities seized are so minute.

We too require it urgently and I am endeavouring to have supplies obtained. If and when we are able to obtain such, the interests of the Prison Service will be borne in mind.

I will contact you further in due course.

A J Anderson
Chief Superintendent
