CROSSMAGLEN GA CLUB

Mr Lenihan is shortly to meet a deputation from the GAA and the Irish expect the Association to raise the perennial question of Crossmaglen. The information we passed on earlier this year in relation to their grant application to DENI will be useful background material for the Tanaiste. The Irish asked if there is any further information available to update it and have mentioned five specific points mainly about the right of way on which they would appreciate the current state of play.

(ii) Requisitions

All requisitioned land is still required and will continue to be so for the foreseeable future. It is therefore not possible to consider the question of the return of any of it to its legal owners.
