PS/Mr Semple

BELFAST UNITED

The Secretary of State has seen your Minister's note of 26 November following on from Mr Spence's submission of 24 November and Mr McKervill's reflection of the Secretary of State's comments on "Belfast United" in his note of 26 November.

2. The Secretary of State has commented that she does not think that this proposed project is particularly "safe" and she agrees with Mr Semple's recommendation that no public expenditure under her direct control would be expended on the project.
